## Peacekeeper

---

The peacekeeper is a person whose duty it is to make sure that a situation interrupting the peace of studying is intervened in immediately. The peacekeeper works in cooperation with teachers to ensure the continuation of undisturbed and safe work for the child group. Peacekeeper can be, for instance, a youth worker, assistant or community pedagogue. The peacekeeper activity is introduced on the school's website and/or in the safety plan. Teachers as well as other professionals solve problematic situations together with the peacekeeper.

After briefly discussing the situation with the teacher who has called her/him to the classroom, the peacekeeper can:

- take the pupil to another room to calm down the child and have an educational discussion with her/him.
- look after the rest of the class while the teacher sorts out the conflict or has an educational discussion with the pupil(s) that have participated in the conflict.
