## Networking and flow of information among and between parents and preschool

---

Good practices for networking and flow of information among and between parents and preschool:

- Face to face conversations
- Parents' Allies newsletters for the parents of 6-8-year-old children
- Newsletters for parents of each child group, blogs of the child groups on the Internet
- Parents' meetings; sometimes using an ACP connection for remote participation
- Events and festivals in the school or community centre
- E-mail and WILMA; electronic tool for home-school partnership
- Web pages (see for instance: <http://www.edu.ouka.fi/koulut/index.cfm?d=71>)
- Blogs are an easy and effective way to keep parents informed about what is going on in school, daycare, afternoon care/youth work and library.
